Mark Round APAM
Chair, APA Board of Directors

It was another huge year for the physiotherapy profession and the Australian Physiotherapy Association in 2024, with the organisation achieving a record membership total of 33,919 members. During the year, the Board of Directors approved an 'investment budget' and had strategically planned for a loss of around \$1.89 million. A solid performance from the organisation resulted in a significantly lower loss (further details to follow), while we achieved the vast majority of the strategic objectives that were set at the start of the year.

Early in 2024, we embarked on an exhaustive search for a new CEO. After over nine years with the APA and almost five as CEO, our highly respected and much loved CEO, Anja Nikolic, decided that it was time for her to move on to her next career challenge. A three month search led us to the appointment of an exceptional candidate in Rob LoPresti, who has the added bonus of being a physiotherapist as well as an exceptional executive. Rob has hit the ground running and will provide strong leadership into the future.

At Board level, we only had one change of directors from 2023. Amanda Mulcahy completed her two three-year terms on the Board and was required to step down. Amanda has served the APA Board with great knowledge, skill and professionalism over a

six year period, and we thank her for her service and wish her nothing but the best for the future. She has been replaced on the Board by Catherine Willis, who had previously served a term as national chair of the Women's, Men's and Pelvic Health group as well as three years as chair of the APA National Advisory Council.

Organisational performance

To guide and assess the APA's performance each year, the Board and the executive leadership team set an organisational scorecard. The scorecard has a considerable number of quantitative and qualitative markers for the Board to review when assessing the effectiveness and success of the organisation. Some of the financial markers are presented in more detail later in this report. However, one area I want to make special mention of is member communications.

We have known for many years that communicating the great work that the APA does is a challenge. Disseminating information to members about the work done and the results achieved via email, social media or the APA website has had varying degrees of success. With this in mind, the Board approved the research and development of PhysioHub, a member-facing community platform to be released in 2025.

PhysioHub will be a private and secure online community hub for members that will serve as an interactive one-stop shop for all advocacy updates, professional development opportunities and member group events. It will facilitate member-to-member connection and provide more relevant content and information to members. This is an exciting initiative for 2025.

Company performance

The APA had another strong year in all metrics and has been extremely well led by our CEO Rob LoPresti and his staff. We have had a 4.2% growth in financial members over the year, which compares favourably to the growth of the profession based on figures from the Australian Health Practitioner Regulation Agency. Our financial performance was strong and we finished with a better than expected loss of \$761,000 for 2024, on the back of a budgeted

\$1.89 million loss. This has left us in a strong financial position that allows us to be bold with our vision and objectives for 2025.

Revenue

The first graph below shows our revenue breakdown for the year. As is customary, our two biggest revenue sources were membership renewals and our suite of professional development services. Our revenue for the year was \$19.505 million, which is a 6.2% decrease from 2023. Solid membership growth was offset by a reduction in revenue due to the smaller conference held in 2024.

Expenditure

The second graph shows our expenditure for the year by category. Consistent with last year, over 50% of expenditure was attributable to membership services, education and conferences. The net assets of the APA at the end of 2024 were \$16.615 million, which is a small decrease on the previous year arising from the loss.

Thank you

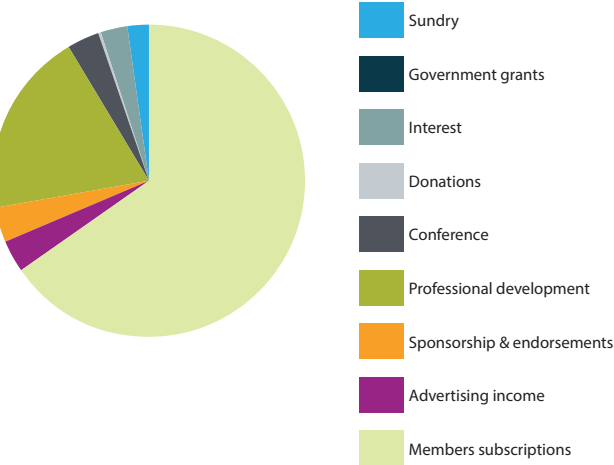

After four years of dedicated service, 2024 was the last year of Scott Willis's term as national president and I would like to thank him and acknowledge his enormous efforts during his presidency. His dedication to the role has been exemplary and his commitment to advocacy, communication and collaboration has been tireless. We wish Scott all the best as he steps down from this role.

I would also like to acknowledge the significant contributions of our National Advisory Council, branch councils, national groups, advisory committees and all other members for the work they do to support our Association. The work of our engaged members is our lifeblood and we cannot promote the profession or push our strategy without them.

Huge thanks go to my colleagues on the Board of Directors. Your ability to think strategically, to manage risk, to balance our financial and compliance requirements, and to work tirelessly and professionally is second to none. Lastly, I would like to thank and acknowledge our CEO Rob LoPresti, our executive leadership team, and all APA staff for all they do for the physiotherapy profession and for the APA.

National President's Report

RIK DAWSON
APA National President

Over the course of 2024, the APA took deliberate steps to evolve how we advocate, not just for the profession but increasingly with and through our members. The year was defined by strategic perseverance, evidence-based influence and a shift toward grassroots mobilisation.

A defining moment came in October, when our profession united in support of veterans' healthcare. In our most impactful grassroots campaign to date, members were called on to write to their local MPs, advocating for increased physiotherapy rebates under the Department of Veterans' Affairs. Hundreds responded. Physiotherapists met with MPs to highlight how inadequate rebates affect practice sustainability, delay care and disadvantage those who have served our nation. This campaign showed our profession's readiness to lead policy change locally and nationally.

This shift to grassroots advocacy was supported by strong foundational work throughout 2024. We maintained a consistent member voice across major national health reform agendas, including Strengthening Medicare and the Scope of Practice Review. Our federal pre-Budget submission reinforced physiotherapy's role as an essential, evidence-led profession capable of delivering cost-effective, integrated care.

We continued strategic positioning in aged care, disability and rural health. We also progressed advocacy for the public and hospital sectors,

reinforcing the need for sustainable physiotherapy roles across acute, subacute, and outpatient settings. Notably, we secured prioritisation of a National Allied Health Workforce Strategy, a key achievement that places physiotherapy workforce challenges firmly on the national agenda.

The APA advanced its First Nations advocacy by embedding culturally safe care across our policy agenda, supporting community-led health priorities, and amplifying Aboriginal and Torres Strait Islander voices. A highlight was the Board's visit to Broome and the Kimberley, meeting Indigenous leaders and physiotherapists to better understand how the APA can support First Nations people and rural health. This commitment remains central to achieving equitable access for all Australians.

In 2024, we expanded our evidence base, equipping the APA with its first-ever formal attrition study, conducted with the Physiotherapy Board of Australia, alongside the release of a comprehensive workforce census and real-time data from quick polls. These are more than numbers; they are strategic tools that have strengthened our policy arguments and clarified where support, investment and recognition are most needed.

A significant highlight was the release of the Nous report Direct patient pathways for physiotherapy that modelled the economic benefit of streamlined physiotherapy referral to orthopaedic surgeons. The findings were clear: \$162.7 million in projected savings. This evidence reinforced the case for expanding direct referral and first contact physiotherapy, both longstanding APA priorities.

We also made strong progress in clinical leadership. The Back Smart project, co-designed with Medibank, positioned physiotherapists as leaders in back pain care. In Queensland, our advocacy secured a higher fee tier for specialist physiotherapists within WorkCover, recognising advanced skills and supporting workforce retention.

Research and innovation remained central. We supported 18 strategic research projects, awarded seven Physiotherapy Research Foundation (PRF)

Seeding Grants to early-career researchers and the PRF Grants Review Committee transitioned to the APA Grants Review Committee to continue the robust evaluation of research grant applications. These initiatives are building a pipeline of future-focused evidence and leadership.

Our year-end strategy review also highlighted key risks, including rising healthcare costs, growing competition from other disciplines, and the ongoing challenge of demonstrating physiotherapy's value in a fragmented and underfunded system.

In response, we reset our approach and focused on partnerships with other peak medical and consumer bodies, strengthening policy content with strong economic links, and expanding funding advocacy to include private health insurance. At the core is a renewed focus on value-based care and better outcomes for patients. This strategic shift culminated in a meeting between immediate past president Scott Willis and APA CEO Rob LoPresti with Sam Shipley, the senior policy adviser for Minister for Health and Ageing Mark Butler, which represented a key opportunity to elevate the profession's voice at the highest level.

Our National Advisory Council, made up of passionate clinical leaders and committee representatives and led by chair Aaron Beck, was instrumental in delivering our strategic plan. I extend my sincere thanks to the Policy and Government Relations team, previously led by Simon Tatz and now led by new General Manager Katherine Utry. I also acknowledge APA Strategy and Policy Specialist Bronwyn Darmanin for her outstanding policy leadership throughout 2024 during her time as acting general manager as well as the entire policy team.

Thank you to the Marketing, Communications and Business Development team led by General Manager Andrea Johnson for their vital support. A special thanks to Claire Macuz-Witte for her work in helping communicate our reform message to members and the broader community.

To Scott Willis, national president from 2021 to 2024, Board Chair Mark Round, the APA Board, the executive leadership team and APA staff led by new Chief Executive Officer Rob LoPresti, thank you for your leadership, vision and unwavering support as I begin my term as APA national president.

Physiotherapy delivers measurable value in clinical results, system efficiency, patient satisfaction and workforce resilience. But value must be recognised to be realised. That recognition grows when members speak directly to decision-makers, as they did so powerfully in October. In 2025, we will build on this momentum, investing in future generations, supporting digital transformation, expanding advocacy impact and pushing harder for reform.

Our members remain our greatest asset: you are the advocates, clinicians, researchers and future leaders of the profession. Thank you for your emails, your stories and your voice. You are shaping the future. Together, we are not just influencing policy, we are leading the evolution of physiotherapy.

Let us keep going.

Rik Dawson

Chief Executive Officer's Report

Rob LoPresti
APA Chief Executive Officer

It has been an honour to rejoin the physiotherapy community in May 2024 as CEO. I've been so pleased to see the APA's position as the peak body for physiotherapists go from strength to strength with our membership growing by 4% to a record 33,919 members. This strength in numbers continues to ensure that the APA has the influence needed to advocate strongly for our great profession.

It was a pleasure to have the opportunity to work alongside Scott Willis in his final year as president. I also look forward to working with our new president Dr Rik Dawson, who commenced in 2025. His National President's Report highlights the many notable advocacy advancements in 2024, one of which was the final report of the Scope of Practice Review. This included several recommendations favouring the physiotherapy profession, including direct referrals to orthopaedic surgeons.

Through targeted media engagement, strategic partnerships and proactive advocacy, we have ensured that the voice of the profession remains strong and widely heard. Our traditional media presence grew by 14% and our social media following increased by 7.6%, building engaged audiences and reinforcing the vital role of physiotherapy in Australia's healthcare landscape.

A key highlight was the launch of our new consumer-facing campaign Your Best Move Yet. This initiative aims to educate the public about the essential role physiotherapists play to improve movement, recovery and overall wellbeing. This campaign showcases engaging consumer stories that have driven greater awareness of physiotherapy, culminating in more visits to the choose.physio website and a 27% increase in searches on our Find a Physio platform.

We also embarked on an exciting project to build a new online community called PhysioHub. This initiative is designed to foster deeper engagement, knowledge sharing and collaboration among our members. By providing a dynamic, interactive space for discussion and networking, we are enhancing the sense of belonging, while delivering a more seamless and enriching member experience. PhysioHub will be released in 2025.

We again had a record number of members join our national groups, which we know is one of the main ways our members connect with like-minded professionals and grow their expertise. Our membership survey tells us that when our members have a positive experience through connecting and engaging with their national groups, overall membership satisfaction increases. Continuing to leverage the value gained by members through these experiences will be a prime focus of our new strategic direction.

Member connection is vital and our annual conferences are a great way to bring together the profession in a positive learning environment. Our biennial FOCUS conference in Perth was a great success with 597 attendees, making it the largest non-clinical conference we have delivered to date.

During 2024 we provided physiotherapists with 465 professional development and networking events, which were attended by 14,059 physiotherapists, a 20.2% increase on 2023. Our online offering continued to grow with 6,355 individuals enrolled in 688 eLearning courses, generating a total of 27,731 enrolments. Of these, 20,075 enrolments (72%) were for free courses (including 'free for members'), while 7,656 (28%) were paid courses, demonstrating strong demand across both options.

The Australian College of Physiotherapists (ACP) awarded 149 titles in 2024, two physiotherapists completed their clinical ACP program and three participants achieved specialisation via research by original contribution. We now have 2,445 Titled Physiotherapists and 196 Specialist Fellows.

Several education strategic initiatives began in 2024 and will continue into 2025, including strengthening education governance, developing a new Titling pathway in advanced practice, establishing a research specialist pathway, and enhancing the Sports and Exercise and Musculoskeletal course offerings. These initiatives reflect our commitment to advancing physiotherapy education and supporting professional growth.

Our Physiotherapy Research Foundation (PRF) continued to build the evidence base of the profession through the ongoing dissemination of research to members via infographics, blogs, animations and video podcasts. The PRF also built research capacity, awarding seven Seeding Grants to support early career researchers. The vital work of the PRF would not be possible without the generous support of corporate partners: ASICS (Platinum Sponsor), FlexEze (Major Sponsor) and Zanda, previously Power Diary (Silver Sponsor).

We concluded our 2022–2024 Innovate Reconciliation Action Plan and are proud of the many achievements made on our ongoing journey in advocating for Aboriginal and Torres Strait Islander Health. These have included our ongoing support for scholarships and bursaries, the development of our Aboriginal and Torres Strait Island Hub website, First Nations Membership Report and our *The Deadly Physios* podcast Series.

In November, we kicked off an extensive process of consultation for the development of our new strategic plan. This has involved input from the results of our annual member survey and a range of internal and external stakeholders. We envisage this new plan will be completed by June 2025. I am excited by the possibilities of what this new strategy will deliver for our members for many years to come.

I want to thank our members for being part of the APA. We only exist because of you, and it drives

everything we do to help you become the best physiotherapist you can be. I especially want to thank our volunteer members for their time and critical input into our committees and councils. The passion and expert guidance provided are instrumental and greatly appreciated.

Thank you to the Board for entrusting me with this opportunity and providing their wise guidance and support during my transition into this role. I particularly want to acknowledge Chair of the Board Mark Round and National President Scott Willis for their leadership and dedication throughout 2024.

Finally, I want to take this opportunity to thank our amazing team of staff at the APA. It's an honour to lead this group of talented and dedicated people. Our culture continues to receive outstanding external recognition, being awarded the Human Resources Director 5-star Employer of Choice Award for the third year in a row.

There are many exciting opportunities for the APA and the profession in 2025 and beyond. I can't wait to embark on this journey with our members and look forward to the release of our new strategic plan, which will set the path for a bright future.

Rob LoPresti

The Australian Physiotherapy Association is a not-for-profit company limited by guarantee. Subject to the Corporations Act, the APA operates under a Constitution, which was last amended in April 2013. The APA Constitution is available at australian.physio.

The APA Board of Directors has responsibility for the control and direction of the affairs of the Association. All members of the Board are elected by the National Advisory Council. Board members serve a three-year term, and may serve no more than six consecutive years on the Board except in circumstances where Board members are elected to the position of president or vice president.

The Board can elect external directors to the Board and they can serve a maximum of three, three-year terms.

The Board is supported in its governance function by the National Advisory Council, Branch Councils, National Group committees, the Australian College of Physiotherapists, the Journal of Physiotherapy Editorial Board and the National Professional Standards Panel.

DIRECTORS' REPORT

Directors' report

Auditor's independence declaration

MARK ROUND
CHAIR OF THE BOARD

BAPPSC(PHYSIO) GCERTSPORTSPHYSIO
GRADCERTMGT GAICD APAM

Mark Round is the managing director of Symmetry Physiotherapy, a multidisciplinary physiotherapy and allied health group in Melbourne that operates out of nine sites.

Mark has been actively involved in APA governance since 2013, when he joined the Victorian branch council, serving as president in 2015 and 2016 before being elected to the APA Board of Directors in 2017. He is currently the chair of the APA Board of Directors, having previously served as one of the vice presidents. He is also a member of the Clinical Council of the North Western Melbourne Primary Health Network, is on the Program Advisory Committee for the Victoria University physiotherapy program and has previously been a board member of the Australian Physiotherapy Council.

Through these positions, Mark has been involved with many other committees, including the Primary Care Safety and Quality Framework Committee for the Australian Commission on Safety and Quality in Health Care; and the Physiotherapy Return to Work Advisory Group, a working party with the Health Services Disability Group for WorkSafe Victoria and the Transport Accident Commission.

Mark has also been heavily involved in other allied health advocacy and governance work, as the inaugural chair of the South West Allied Health Network in Melbourne and the allied health representative on the Clinical Leadership Committee for South Western Melbourne Medicare Local. He is a graduate of the Australian Institute of Company Directors.

Special responsibilities
2025

- Australian College of Physiotherapists Steering Group

RIK DAWSON
NATIONAL PRESIDENT

BAPPSC(PHTY) BCA GAICD APAM MACP

Rik Dawson graduated from the University of Sydney in 1993 and is a graduate of the Australian Institute of Company Directors. He is an APA Gerontological Physiotherapist who began his career as a paediatric physiotherapist working for NSW Health. In 2001, Rik embarked on an entrepreneurial journey by establishing Agewell, a private practice specialising in aged care, which he successfully managed until its acquisition in 2020. Rik is a post-doctoral researcher at the Institute for Musculoskeletal Health, the University of Sydney. His research interests lie at the intersection of telehealth and physiotherapy, aiming to expand the scope of practice across acute, primary and aged care settings and improve access to physiotherapy. Rik is one of the founding members of the Safe Exercise at Home group that created a website catering to older adults to enable them to exercise safely at home during the COVID-19 pandemic.

Rik has held leadership roles within the APA, serving as the national chair of the Gerontology group and as its National Advisory Council representative. He was also the APA representative on the National Aged Care Alliance from 2014 to 2016. Currently, Rik serves as the APA representative on the Aged Care Quality Standards Committee for the Australian Commission on Safety and Quality in Health Care. Passionate about enhancing physiotherapy's value proposition in healthcare, Rik actively engages with service funders such as state and federal health departments, insurers, researchers and consumers to ensure sustainable funding for physiotherapists. He advocates for evidence-based practice to drive positive outcomes for consumers and to bolster the physiotherapy profession's reputation within the community.

Special responsibilities
2025

- Australian College of Physiotherapists Steering Group

Directors' Report

HOLLY BRASHER
NATIONAL VICE PRESIDENT

BAPPSC(PHTY) MSPORTSPHYSIO
GAICD APAM MACP

Holly Brasher is an APA Sports and Exercise Physiotherapist who graduated from the University of Sydney and then completed her Master of Sports Physiotherapy at La Trobe University. Holly spent her early career working in public and private hospitals locally and overseas before moving into private practice. She has experience in sports physiotherapy, musculoskeletal physiotherapy, women’s health and working in high-performance environments. Holly is a co-founder and director of SquareOne Physio, a multi-location private practice that operates from two locations in Sydney with a growing team of more than 50 staff.

She has long been an active member of the APA Sports and Exercise national group and has served on the committee of the New South Wales branch of the group since 2013. She was the national chair for the Sports and Exercise group from 2015 to 2018. Holly has been on the APA’s National Advisory Council and on numerous working parties and standing committees for the Australian College of Physiotherapists Council. She has detailed knowledge of the Career Pathways development and is in touch with the profession from clinical and training perspectives, as well as from an advocacy point of view. Her biggest achievement was leading the Sports group to include ‘Exercise’ in its name in 2018. Holly also chairs of the Australian College of Physiotherapists Steering Group.

Holly is passionate about promoting the role of physiotherapists in exercise delivery, creating lifelong careers for physiotherapists and increasing Australian physiotherapists’ engagement with the APA. Holly has been on the Board of Directors since 2021 and she looks forward to continuing to advance the profession for the benefit of members and patients.

Special responsibilities
2025

- Chair of the Australian College of Physiotherapists Steering Group
- Nominations, Remuneration and Governance Committee

PETER TZIAVRANGOS
NATIONAL VICE PRESIDENT

BAPPSC(PHYSIO) GAICD APAM

Peter Tziavrangos is an accomplished healthcare leader with decades of experience in physiotherapy, business management, and governance. As the managing director of Move for Better Health, a multidisciplinary allied health clinic with three locations in South Australia, Peter has dedicated his career to improving the health and wellbeing of individuals through innovative and patient-centred care.

With a vision for high-value healthcare that prioritises safety, quality and accessibility, Peter has played pivotal roles on several boards and advisory committees, including the Australian Physiotherapy Association, Australian Physiotherapy Council, the University of the Sunshine Coast and the University of South Australia advisory committee. His expertise spans strategic planning and professional education, and fostering collaboration between healthcare providers, government and industry stakeholders. Before joining the APA Board, Peter was actively involved with the APA as chair of the APA Business group, which provides support for physiotherapy clinic owners in Australia.

Peter has served as national vice president since 2023 and, in this role, supports the president and chair of the Board in their duties.

Special responsibilities
2025

- Chair of the Nominations, Remuneration and Governance Committee
- Audit and Risk Committee
- Insurance and Risk Committee

LEESA CHESSER
NON-MEMBER DIRECTOR

Leesa Chesser is an Adelaide-based professional non-executive director, mentor and consultant. She had a successful career as Minister for Disabilities and Mental Health and Substance Abuse leading the \$723 million National Disability Insurance Scheme strategic decision-making, service reform and transformation in South Australia. Leesa has expertise in chairing infrastructure projects to the value of \$450 million and in highly regulated environments where ‘social licence’ to operate is at risk from cultural, clinical or systems failure.

Leesa is a board member at the Adelaide Festival, West Beach Parks, and a large mental health and wellbeing not-for-profit.

Trained in health economics, health information management and business at Queensland University of Technology, Leesa mentors start-up and scale-up founders at Stone & Chalk, Australia’s largest emerging tech community, and has mentored women leaders in Vietnam, Indonesia, and Laos as a consultant to the Flinders University Gender Consortium. Leesa is an alum of the flagship diversity cohort, the Chair’s Mentoring Program at the Australian Institute of Company Directors, With a desire to make an impact and aligned with United Nations Sustainable Development Goals, Leesa enjoys contributing to smart commercial decision-making focused on member value, sound governance and positive policy outcomes for the profession and health consumers. She is a fellow with Salzburg Global in the areas of health; the care economy; and gender equity, particularly for older women.

Special responsibilities
2025

- Nominations, Remuneration and Governance Committee

RUTH FAULKNER
NON-MEMBER DIRECTOR

BSC (HONS) CA FAICD

Ruth Faulkner graduated from the University of Warwick in England and went on to qualify as a Chartered Accountant with a large global accountancy practice in London. She is a Fellow of the Australian Institute of Company Directors, a member of Chartered Accountants Australia New Zealand and a recognised CA Risk Specialist.

Ruth lives in Far North Queensland and is a partner of Conus Business Consultancy Services. The practice provides strategy development, economic analysis, leadership and mentoring, governance and risk management services to clients throughout Australia. This gives Ruth unique insight into the challenges of living and working in a remote regional location and a robust understanding of the Australian small-to-medium business and community environment. Ruth is an experienced non-executive director, having served on several state and national boards. She served on the inaugural board of the North Queensland Primary Health Network for two terms and is currently the Board Chair of Neami National, one of Australia’s largest community-based mental health organisations.

Ruth has extensive experience working with and chairing audit and risk committees. She is passionate about financial sustainability and capacity building within the not-for-profit sector. Having served on the APA Audit and Risk Committee since 2017, she was delighted to be appointed to the APA Board in 2022.

Special responsibilities
2025

- Chair of the Audit and Risk Committee

Directors' Report

MELISSA MCCONAGHY
DIRECTOR

BAPPSC(PHYSIO) GCERTPH MHSC FACP GAICD

Melissa McConaghy is a Specialist Neurological Physiotherapist (as awarded by the Australian College of Physiotherapists in 2010). She holds a Master of Health Science (Neurological Physiotherapy) and Graduate Certificate in Public Health in addition to her Bachelor of Applied Science in Physiotherapy.

Melissa owns and runs Advance Rehab Centre, a multi-site and community neurological rehabilitation service in Sydney; as well as PD Warrior, an education and training program for people living with Parkinson's disease, which is licensed across 10 countries globally.

Melissa's 24-year career in physiotherapy has been dedicated to community-based neuro rehab and upskilling other health professionals in Australia, and in developed and developing countries. She presents and educates internationally on topics such as Parkinson's, polio, stroke and robotics in rehab and curates the program for INSIGHT into Parkinson's, an annual online conference for people with Parkinson's.

Melissa has been active in the Australian Physiotherapy Association and Australian College of Physiotherapists in many volunteer roles throughout her career. As well as sitting on the Board of the APA, she is also the president-elect for the International Neurological Physiotherapy Association (INPA) for World Physiotherapy.

Melissa was awarded the Allied Health Awards Australian Physiotherapist of the Year in 2019, Small Business Champions Australian Entrepreneur of the Year in 2020, HESTA Impact Award in 2022, and the INPA President's Award in 2024.

Special responsibilities
2025

- Chair of the Insurance and Safety Committee
- Audit and Risk Committee

CATHERINE WILLIS
DIRECTOR

BAPPSC(PHTY) PGCERTPHTY
(EXERCISE & WOMEN'S HEALTH) APAM MACP

Catherine Willis has been a proud APA member since her time as a student at the University of Sydney. Having worked across the private and public sectors in a variety of clinical areas, Catherine found her niche and passion for obstetrics and pelvic floor physiotherapy more than 20 years ago. She currently works as a physiotherapy team leader at Royal Brisbane and Women's Hospital and also teaches undergraduate students at Australian Catholic University.

Catherine has made a significant contribution to the APA in her long tenure as a member. In particular, she has been involved in developing and providing quality professional development that is accessible to all members. She offers her ongoing expertise to support the women's, men's and pelvic health career pathway. More recently, as chair of the National Advisory Council, Catherine has showcased her leadership and communication skills, and developed a greater understanding of the needs and priorities of all physiotherapy practice areas.

Catherine has also held positions on the Insurance and Safety subcommittee and the Steering Committee of the Australian College of Physiotherapists. As an APA Board member, Catherine is focused on further strengthening the APA's position as an award-winning member organisation and physiotherapy as a highly valued profession.

Outside of work, Catherine's greatest love is for her two daughters, and she is very proud to be able to demonstrate her values, work ethic and compassion to them.

Special responsibilities
2025

- Nominations, Remuneration and Governance Committee

SCOTT WILLIS
IMMEDIATE PAST PRESIDENT

BAPPSC(PHYSIO) GAICD APAM

Scott Willis graduated as a physiotherapist in 1993 from the University of Sydney. He relocated to rural Tasmania and is the founding co-director of Coastal Physiotherapy, a multidisciplinary physiotherapy clinic focusing on a wide range of areas, including corporate health, outreach, pain management, aged care, the NDIS, Aboriginal health and general private practice services.

Scott has held numerous roles within the APA including national chair of the APA Business group from 2015 to 2018, member of the National Advisory Council from 2015 to 2018 and member of the Tasmania branch council from 2012 to 2018. He was elected to the APA Board of Directors in 2019 and as national president in 2021.

Scott has had extensive experience in policy and health reform, was the first elected allied health board member of General Practice North West (North West Tasmania Division of General Practice) and was appointed to the Tasmanian Medicare Local's Primary Health Care Strategic Advisory Council and the Clinical Advisory Council of Primary Health Tasmania. He is a graduate of the Australian Institute of Company Directors.

He has a significant interest in sustainable health funding and in health policy that's designed to effectively deliver services to all Australians in all areas of the country.

Catherine WILLIS*	Director	8	8
Scott WILLIS	Director	8	8

* Appointed 1 January 2024

All directors except those who are non-member directors hold tertiary qualifications in physiotherapy and are members of the Australian Physiotherapy Association. Jennifer Dalitz FCPA GAICD MBA(Exec) BA(Acc) was an independent member of the Audit and Risk Committee. Her final meeting on this committee was 18 November 2024. Kay Veitch FAICD FIML CAHRI JP is an independent member of the Nominations, Remuneration and Governance Committee. Vito Giudice is an independent member of the Insurance and Safety Committee.

Company secretary

Melanie Sherrin JD FGIA was appointed company secretary on 16 December 2024. Craig Maltman BBus CPA resigned as appointed company secretary on 16 December 2024.

Objectives of the Australian Physiotherapy Association

The Australian Physiotherapy Association is a not-for-profit company limited by guarantee. The APA is bound by the terms of its Constitution, part two of which outlines the objectives of the Association. The objectives are broad and permit the Association to engage in a wide range of activities focused on members, member services, advocacy, education and quality.

Review of operations and future developments

The APA farewelled Chief Executive Officer Anja Nikolic in March and welcomed her replacement Mr Rob LoPresti in early May 2024. The focus of the Association throughout 2024 concentrated heavily on supporting our members, advocating for them and focusing on key strategic initiatives that will underpin operations into the future, along with the financial stability of the Association. The year was considered an investment year for the APA with significant planned expenditure budgeted for. The Board had determined that it would utilise cash reserves to accelerate some of the agreed strategic initiatives. A loss of \$1.8 million was budgeted for as a result.

The initiatives, as outlined within our strategic plan, cover key deliverables for the establishment of first class career pathways and a strong Australian College of Physiotherapists; the communication of insights about the value of physiotherapy; quality advocacy for specific clinical streams like aged care, the Department of Veterans' Affairs and the National Disability

Insurance Scheme; and enhanced value for all members through the provision of support and tools to expand their practices and scope of practice.

Preparation for the development of a new strategic plan commenced in November 2024, with an expected completion in mid-2025.

Result

The consolidated loss for the year after income tax was \$761,392 (2023 surplus: \$592,030). The loss includes the activities of branches and national groups of the Association and of the controlled entity Physiotherapy Research Foundation. The result was a significant improvement on what was originally budgeted, primarily due to a higher than expected surplus arising from our Perth conference, the reprioritisation of certain projects into 2025 and a higher than expected underlying staff vacancy rate throughout the year.

Key revenue areas of Membership and Professional Development remained strong throughout the year despite the ongoing and well publicised cost of living crisis.

Members' guarantee

Australian Physiotherapy Association is a company limited by guarantee. The 33,919 members (2023: 32,682) of the Association have each undertaken to contribute the sum of 50 cents in the event of the Association being wound up.

Events since the end of the financial year

There are no subsequent events to report.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 19.

Signed in accordance with a resolution of the Board of Directors.

DECLARATION OF INDEPENDENCE BY ELIZABETH BLUNT TO THE DIRECTORS OF AUSTRALIAN PHSYIOTHERAPY ASSOCIATION

As lead auditor of Australian Physiotherapy Association for the year ended 31 December 2024, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Australian Physiotherapy Association and the entities it controlled during the period.

Elizabeth Blunt
Director
BDO Audit Pty Ltd
Melbourne, 29 April 2025

BDO Audit Pty Ltd ABN 33 134 022 870 is a member of a national association of independent entities which are all members of A.C.N. 050 110 275 Ltd ABN 77 050 110 275, an Australian company limited by guarantee. BDO Audit Pty Ltd and A.C.N. 050 110 275 Ltd are members of BDO International Ltd, a UK company limited by guarantee, and form part of the international BDO network of independent member firms. Liability limited by a scheme approved under Professional Standards Legislation.

The above statement of cash flows should be read in conjunction with the accompanying notes.

Notes to and forming part of the financial statements

For the year ended 31 December 2024

NOTE 1–Material accounting policy information

The material accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied, unless otherwise stated.

A. Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards – Simplified Disclosures. This includes compliance with the recognition and measurement requirements of all Australian Accounting Standards, Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board and the disclosure requirements of AASB 1060 General Purpose Financial Statements – Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities.

The financial statements have been prepared under the historical convention except for, where applicable, certain classes of property, plant and equipment, financial assets and investment property.

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 1 (N). The Company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards. Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified,

where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 29 April 2025 by the directors of the Company.

B. Revenue recognition

Revenue from contracts with customers

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Australian Physiotherapy Association expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

- Identify the contract with the customer.
- Identify the performance obligations.
- Determine the transaction price.
- Allocate the transaction price to the performance obligations.
- Recognise revenue as and when control of the performance obligations is transferred.

Specific revenue streams

The Australian Physiotherapy Association recognises revenue from the following major sources:

- The sale of membership subscriptions.
- The provision of professional development courses and conferences.
- The sale of advertising in publications.
- The provision of sponsorship agreements and the endorsement of commercially available products.

Sale of membership subscriptions

The subscription year runs from 1 January to 31 December. Subscriptions are payable annually in advance or by monthly instalments. Only those membership subscriptions that are attributable to the current financial year are recognised as revenue. Subscriptions that relate to future periods are shown in the statement of financial position as subscriptions and fees in advance under the heading of ‘Revenue received in advance’.

The amount paid by each member is fixed according to the category of membership chosen and the amount paid entitles the member to all benefits of membership to the Association. Membership is for a full year and is only cancellable in specific circumstances upon request.

NOTE 1 CONTINUED...

Where a request for cancellation is granted, a pro rata return of the subscription fee is granted less a cancellation fee or future remaining monthly instalments are cancelled upon the payment of a cancellation fee.

The provision of professional development courses and conferences

The Australian Physiotherapy Association runs professional development courses and conferences for members and non-members. The event will provide clinical or professional training for the attendee. A fixed price for each event is advertised depending on whether the purchaser is a member or non-member.

The revenue is recognised by the Australian Physiotherapy Association at the time of the running of the event.

The amounts paid by attendees are only refundable according to a refund policy set by the Australian Physiotherapy Association up to and prior to the running of the event.

The sale of advertising income

The Australian Physiotherapy Association publishes a number a publications for its members. Advertising space is sold to customers on a set annual rate card according to the size of the advertisement and the relevant publication that the advertisement is appearing in.

The revenue is recognised by the Australian Physiotherapy Association at the time the publication is published and made available to members.

The amounts paid by advertisers are only refundable according to a refund policy set by the Australian Physiotherapy Association up to a certain time prior to publication.

The provision of sponsorship agreements and the endorsement of commercially available products

The Australian Physiotherapy Association enters into sponsorship arrangements with companies where an agreed fee is received for the acknowledgement of that company in relation to agreed obligations, events or publications. The recognition of the revenue is done upon the performance of all contractual obligations set out within the commercial contract.

The Australian Physiotherapy Association receives revenue for the provision of an agreed logo to

be placed on certain products that stipulates that the Association has endorsed that product. The recognition of the revenue is done upon the performance of all contractual obligations set out within the commercial contract.

Interest income is recognised as interest accrued, taking into account the yield on the financial asset.

Income from investments is recognised in the period it is earned.

C. Income tax

Revenue from membership subscriptions and other member-generated income is not assessable income for the purpose of determining taxable income. Other income that is not generated by members is not sufficient to incur any income tax expense in the current or prior year reporting periods.

D. Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset’s fair value less costs to sell and value in use, is compared to the asset’s carrying value. Any excess of the asset’s carrying value over its recoverable amount is expensed to the income statement.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same class of asset.

E. Receivables

The terms of trade are 30 days from invoice date. Receivables are recognised and carried at original invoice amount less any allowance for any uncollectible amounts. An estimate for expected credit loss is made when collection of the full amount is no longer probable. Expected credit losses are written off when identified.

F. Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided, and are recognised for the amount expected to be settled wholly within 12 months after the end of the

period in which the employees render the related service are recognised.

Long-term employee benefits
The liabilities for long service leave and annual leave that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy any vesting requirements. Those cash flows are discounted using market yields on corporate bonds with terms to maturity that match the expected timing of cash flows attributable to employee benefits.

G. Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

Property

Freehold land and buildings including that classified as investment property are shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm’s length transaction), based on periodic but at least triennial valuations by external independent valuers, less subsequent depreciation for buildings.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity unless those increases offset previous revaluation decrements taken to the profit or loss.

Plant and equipment

Plant and equipment are measured on the cost basis less depreciation and impairment losses. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amounts.

Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over their useful lives to the economic entity commencing from when the asset is held ready for use.

The depreciation rates for each class of depreciable assets are:

Class of fixed assets	Depreciation method	Depreciation rate
Buildings	Straight line	2%
Leasehold improvements	Straight line	16%
Plant & equipment	Straight line	10-20%
Office furniture & equipment	Straight line	10-25%
Artworks	Straight line	2.50%

The assets’ residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

H. Investment property

Investment property is shown at their fair value (being the amount for which an asset could be exchanged between knowledgeable willing parties in an arm’s length transaction) based on annual valuations by external independent valuers.

Changes in the value of investment property are recorded in profit or loss.

I. Leases

The entity as lessee

At inception of a contract, the entity assesses if the contract contains or is a lease. If there is a lease present, a right-of- use asset and a corresponding lease liability is recognised by the entity where the entity is a lessee. However, all contracts that are classified as short-term leases (ie, a lease with a remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially, the lease liability is measured at the present value of the lease payments still to be paid at commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the entity uses the incremental borrowing rate.

NOTE 1 CONTINUED...

Lease payments included in the measurement of the lease liability are as follows:

- Fixed lease payments less any lease incentives.
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date.
- The amount expected to be payable by the lessee under residual value guarantees.
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options.
- Lease payments under extension options, if the lessee is reasonably certain to exercise the options.
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability as mentioned above, any lease payments made at or before the commencement date, as well as any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the entity anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

J. Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST. Cash flows are presented in the statement of cash flows on a gross basis except for the GST component of investing and financial activities, which are disclosed as operating cash flows.

K. Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is the equivalent to the date that the Group commits itself to either the purchase or sale of the asset (ie, trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transactions costs, except where the instrument is classified ‘at fair value through profit or loss’, in which case transaction costs are expensed to profit or loss immediately.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed is recognised in profit or loss.

Fair value through other comprehensive income

Equity instruments

The Company has a managed fund investment in listed and unlisted entities.

The Company has made an irrevocable election to classify these equity investments as fair value through other comprehensive income as they are not held for trading purposes.

These investments are carried at fair value with changes in fair value recognised in other comprehensive income (financial asset reserve). On disposal any balance in the financial asset reserve is transferred to retained earnings and is not reclassified to profit or loss.

Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

L. Intangible assets

Course development

Course development is recorded at cost. Course development has a finite life and is carried at cost less any accumulated amortisation and impairment losses. It has an estimated useful life of between one and five years. It is assessed annually for impairment.

The amortisation rates for each class of intangible assets are:

Class of intangible assets	Amortisation method	Amortisation rate
Course development	Straight line	33.3%

M. Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less.

N. Critical accounting estimates and judgements

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Key judgements—long service leave

The calculation of the provision for long service leave requires judgements to be made in relation to the probability of providing and or paying employees long service leave entitlements in future periods. These judgements are made based on historical information available and past experiences within the Company.

Key judgements - lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when

ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the Company's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The Company reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

Key estimates—fair value assessments of land and buildings and investment property

The estimation of the fair values of investment properties are done at each reporting date using observable data on recent transactions and rental yields for similar properties. Real estate investments do not have quoted prices and when appropriate the directors use professional appraisals performed by independent, professionally qualified property valuers to base their estimates.

O. Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is current when: it is expected to be realised or intended to be sold or consumed in normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is current when: it is expected to be settled in normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

P. Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that

NOTE 1 CONTINUED...

would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Q. Principles of consolidation

These are the financial statements of Australian Physiotherapy Association (the 'Company', the 'Association' or 'APA') and its controlled entities as described in Note 19 (collectively, the 'Group' or the 'Consolidated Group').

A controlled entity is any entity over which the Company is exposed, or has rights, to variable returns from its involvement with that entity and has the ability to affect those returns through its power over that entity. All controlled entities have a reporting date of 31 December and accounting policies that are harmonised with that of the Company.

All transactions and balances within the Group are eliminated on consolidation, including any unrealised gains or losses arising on transactions between Group entities. During the year there were no changes in the composition of entities that consolidated into the Group.

NOTE 2–Parent information

The following information has been extracted from the books and records of the parent and has been prepared in accordance with Australian Accounting Standards.

Statement of financial position	2024 \$	2023 \$
Assets		
Current assets	18,750,261	18,161,913
Non current assets	8,981,980	8,900,758
Total assets	27,732,241	27,062,671
Liabilities		
Current liabilities	11,412,496	10,690,563
Non current liabilities	1,227,404	921,813
Total liabilities	12,639,900	11,612,376
Equity		
Reserves	2,473,885	2,127,380
Accumulated surplus	12,618,456	13,322,915
Total equity	15,092,341	15,450,295

Statement of comprehensive income

Total deficit attributable to the members	(717,511)	609,625
Total comprehensive income	(371,006)	2,299,378

Guarantees

A bank guarantee is held in relation to the leased premises located in New South Wales and Queensland. The value of the bank guarantee is \$218,200 and will be released upon termination of the lease agreement.

Contingent liabilities

The Company had no contingent liabilities.

Contractual commitments

As at 31 December 2024 the APA had arranged via its broker, BMS Risk Solutions Pty Ltd, for the purchase of a master professional indemnity insurance policy for its members for the 2025 financial year.

The APA is committed to a payment of \$6,934,909 to BMS Solutions Pty Ltd in March 2025 for the insurance premium, statutory charges and associated brokerage fees.

As at 31 December 2024, the Australian Physiotherapy Association had not entered into any contractual commitments for the acquisition of property, plant and equipment.

NOTE 3–Revenue

	2024 \$	2023 \$

Balance at the beginning of the year	1,404,732	1,553,152
Additions	168,276	116,926
Disposals	–	(4,489)
Depreciation expense	(270,976)	(260,857)
Carrying amount at the end of the year	1,302,032	1,404,732

Total		
Balance at the beginning of the year	7,054,732	5,865,152
Additions	168,276	116,926
Disposals	–	(4,489)
Revaluation	–	1,376,000
Depreciation expense	(333,976)	(298,857)
Carrying amount at the end of the year	6,889,032	7,054,732

NOTE 10–Right-of-use assets

The Group’s lease portfolio includes buildings. These leases have an average of 3.5 years as their lease term.

Options to extend or terminate

The option to extend or terminate are contained in several of the property leases of the Group. These clauses provide the Group opportunities to manage leases in order to align with its strategies. All of the extension and termination options are only exercisable by the Group. The extension options and termination options which were probable to be exercised have been included in the calculation of the right-of-use asset.

Right-of-use assets at cost	3,572,428	3,011,851
Less accumulated depreciation	(2,544,453)	(2,277,148)
Total right-of-use assets	1,027,975	734,703
<i>Right-of-use assets</i>		
Balance at the beginning of the year	734,703	1,009,361
Additions	560,576	-
Depreciation expense	(267,304)	(274,658)
Carrying amount at the end of the year	1,027,975	734,703
Total cash outflows for leases	338,087	404,116

NOTE 11–Intangible assets

	2024	2023
	\$	\$
Course development at cost	211,837	198,324
Less accumulated amortisation	(121,864)	(62,001)
Total intangible assets	89,973	136,323
<i>Movements in carrying amounts</i>		
Opening balance	136,323	64,758
Additions	13,514	121,016
Amortisation charge	(59,864)	(49,451)
Closing balance	89,973	136,323

NOTE 12–Investment property

	2024	2023
	\$	\$
Properties at fair value	975,000	975,000

The value of investment property is based on valuation assessed by Charter Keck Cramer as at 21 January 2025.

NOTE 13–Trade and other payables

	2024	2023
	\$	\$
Trade creditors	748,452	556,699
Other creditors and accruals	337,762	256,778
	1,086,214	813,477

All trade and other payables are non-interest bearing unsecured and payable at their maturity which is within 60 day terms.

NOTE 14–Lease liabilities

	2024	2023
	\$	\$
<i>Current</i>		
Lease liabilities	336,489	399,456
	336,489	399,456
<i>Non-current</i>		
Lease liabilities	944,319	658,863
	944,319	658,863
<i>Future lease payments</i>		
Future lease payments are due as follows:		
Within one year	359,092	409,650
One to five years	1,146,174	1,505,266
More than five years	–	–

NOTE 15–Provisions

	2024	2023
	\$	\$
<i>Current</i>		
Annual leave	585,581	598,877
Long service leave	1,081,290	1,035,879
	1,666,871	1,634,756
<i>Non-current</i>		
Long service leave	156,146	136,011
Make-good	126,939	126,939
	283,085	262,950

NOTE 16–Revenue received in advance

	2024	2023
	\$	\$
<i>Current</i>		
Members' subscriptions in advance	\$7,283,673	6,835,809
Course fees in advance	\$403,995	635,808
Commissions & endorsements in advance	\$10,000	10,000
	\$7,697,668	7,481,617

Members’ subscriptions in advance has been recognised to the extent of the monies received before 31 December 2024. It does not reflect income due to be received from remaining instalments, where a member has elected to pay by instalments, across 2025.

NOTE 17–Other liabilities

	2024	2023
	\$	\$
<i>Non-current</i>		
Other liabilities	100,000	100,000
	100,000	100,000

A donation of \$100,000 to be held in perpetuity, was received in 2023. The interest earned from that donation is to be used to fund grants to researchers in the gerontology and neurology fields.

NOTE 18–Related party transactions

During the year, no material related party transactions were recorded.

Honorariums paid to the directors are disclosed in Note 20–Key management personnel compensation.

NOTE 19–Controlled entities

	Principal activity	Place of incorporation	% Owned	% Owned
<i>Parent entity:</i>				
Australian Physiotherapy Association		Australia	–	–
<i>Controlled entity:</i>				
Physiotherapy Australia Pty Ltd	Dormant	Australia	100	100
Physiotherapy Research Foundation	Trust	Australia	100	100

The shares in the above companies are held by members of the Board of Directors on behalf of the Australian Physiotherapy Association except for the Physiotherapy Research Foundation.

The Australian Physiotherapy Association is the trustee company for the Physiotherapy Research Foundation.

NOTE 20–Key management personnel compensation

	2024 \$	2023 \$
Total	661,454	694,385

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity. Key management personnel compensation includes remuneration of the CEO and reimbursements and honoraria paid to directors.

NOTE 21–Bank guarantees

A bank guarantee is held in relation to the leased premises located in New South Wales and Queensland. The value of the bank guarantees is \$218,200 and will be released upon termination of the lease agreement.

NOTE 22–Contingent assets and liabilities

The Company had no other contingent assets and liabilities as at 31 December 2024 and 31 December 2023.

NOTE 23–Contractual commitments

As at 31 December 2024 the APA had arranged via its broker, BMS Risk Solutions Pty Ltd, for the purchase of a master professional indemnity insurance policy for its members for the 2024 financial year. The APA is committed to a payment of \$6,934,909 to BMS Risk Solutions Pty Ltd in March 2025 for the insurance premium, statutory charges and associated brokerage fees.

NOTE 24–Financial risk management

The Group’s financial instruments consist mainly of deposits with banks, short-term investments, accounts receivable and payable.

The carrying amounts for each category of financial instruments, measured in accordance with AASB 9 Financial Instruments as detailed in the accounting policies to these financial statements, are as per Notes 5—Cash and cash equivalents, 6—Financial assets, 7—Trade and other receivables and 13—Trade and other payables.

NOTE 25–Events after reporting period

There are no subsequent events to report.

NOTE 26–Company details

The registered office of the company is:
Australian Physiotherapy Association Level 1, 1175 Toorak Road
Camberwell VIC 3124
ABN 89 004 265 150

Consolidated entity disclosure statement

The below list relates to entities that are in the consolidated financial statements at 31 December 2024, as required by the Corporations Act 2001s.295(3A)(a).

Name of entity	Body corporate, partnership or trust	Percentage share capital held by the Company %	Country of incorporation	Jurisdiction of tax residency
Physiotherapy Australia Pty Ltd	Body corporate	100	Australia	Australia
Physiotherapy Research Foundation	Trust	N/A	N/A	N/A

Basis of preparation

This consolidated entity disclosure statement has been prepared in accordance with the Corporations Act 2001. It includes certain information for each entity that was part of the consolidated entity at the end of the financial year.

Determination of tax residency

Section 295 (3A) of the Corporations Act 2001 defines tax residency as having the meaning in the Income Tax Assessment Act 1997. The determination of tax residency involves judgement as there are currently several different interpretations that could be adopted, and which could give rise to a different conclusion on residency.

In determining tax residency, the consolidated entity has applied the following interpretations-

Australian tax residency

The consolidated entity has applied current legislation and judicial precedent, including having regard to the Tax Commissioner’s public guidance in Tax Ruling TR 2018/5.

Partnerships and trusts

Australian tax law does not contain specific residency tests for partnerships and trusts. Generally, these entities are taxed on a flow-through basis, so there is no need for a general residence test. Some provisions treat trusts as residents for certain purposes, but this does not mean the trust itself is an entity that is subject to tax.

Additional disclosures on the tax status of partnerships and trusts have been provided where relevant.

Directors' declaration

The directors of the Australian Physiotherapy Association declare that:

1. The financial statements and notes, as set out on pages 21 to 37, are in accordance with the Corporations Act 2001 and:
 - (a) comply with Australian Accounting Standards – Simplified Disclosures; and
 - (b) give a true and fair view of the financial position as at 31 December 2024 and of the performance for the year ended on that date of the Association and the Consolidated Group;
2. In the directors' opinion there are reasonable grounds to believe that the Association will be able to pay its debts as and when they become due and payable.
3. The consolidated entity disclosure statement on page 37 is true and correct.

The declaration is made in accordance with a resolution of the Board of Directors.

INDEPENDENT AUDITOR'S REPORT

To the members of Australian Physiotherapy Association

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Australian Physiotherapy Association (the Company) and its subsidiaries (the Group), which comprises the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion the accompanying financial report of Australian Physiotherapy Association, is in accordance with the *Corporations Act 2001*, including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the year ended on that date; and
- (ii) Complying with Australian Accounting Standards - Simplified Disclosures and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the directors' report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

BDO Audit Pty Ltd ABN 33 134 022 870 is a member of a national association of independent entities which are all members of A.C.N. 050 110 275 Ltd ABN 77 050 110 275, an Australian company limited by guarantee. BDO Audit Pty Ltd and A.C.N. 050 110 275 Ltd are members of BDO International Ltd, a UK company limited by guarantee, and form part of the international BDO network of independent member firms. Liability limited by a scheme approved under Professional Standards Legislation.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Simplified Disclosures and the *Corporations Act 2001* and
- the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

for such internal control as the directors determine is necessary to enable the preparation of:

- the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at:

https://www.auasb.gov.au/media/apzlw0y/ar3_2024.pdf

This description forms part of our auditor's report.
