

2026 PRF CONTENT SPONSORSHIP

Physiotherapy
Research
Foundation

OVERVIEW

Research is the foundation of our profession.

The PRF's mission is:

To support the physiotherapy profession by promoting, encouraging and facilitating research that builds capability in order to advance physiotherapy knowledge and practice.

The PRF is a registered charity with the Australian Charities and Not-for-profits Commission (ACNC), the independent national regulator of charities established by the Australian Government.

The PRF is highly invested in translating the latest research into easily digestible content that summarises the information and is visually appealing. This content is available for corporate partners to sponsor and is promoted to our members across internal communication channels as well as APA social media platforms.

For a full overview of all content produced to date, please refer to the research translation section of the [website](#).
