

DO YOU LOVE A TRADIE?

Tradies make up
more than 10%
of the workforce
– we all know one.

Did you know?

More than half of Tradies, including nearly **40%** of those in Gen Z and more than a third of millennials, say they lack confidence in their ability to continue working in their trade until retirement age, with ongoing physical strain and general wear and tear the most cited reasons.

Physiotherapists are uniquely positioned to support tradies. They work to help prevent, treat and manage the musculoskeletal concerns that can plague tradies throughout their career.

Tell a tradie to find a physio today.
