Email:

Are you a member of Cardiorespiratory Physiotherapy Australia (CRPA)?

Yes No

Are you an APA Rural member?

Yes No

Selection criteria

1. Describe the problem faced by cardiorespiratory patients and/or clinicians that your clinical or implementation science project aims to address.
2. Outline the rationale and methodology of your clinical or implementation science project.
3. Describe the innovative and/or novel aspects of your clinical or implementation science project.
4. List the patient-reported outcome measures (PROMs) and/or patient-reported experience measures (PREMs) used to evaluate the effects of your clinical or implementation science project.
5. Describe how your clinical or implementation science project has resulted in improvements in patient outcomes, service delivery, and/or health policy.
6. Explain how your clinical or implementation science project advances knowledge or practice in cardiorespiratory physiotherapy.

By submitting this application, I agree to:

- give a presentation and/or write a publication for the InMotion, eNews or similar, reporting on their project and experiences with their mentor as part of the Nicole Turney Memorial Award.
- acknowledge the Nicole Turney Memorial Award in contributing towards publications or other achievements as appropriate/relevant.
